5 Laws of Life – From Suze Orman

- 1) May every thought that you think be etched in fire in the sky for the whole world to see, for in fact it is.
- 2) May every word you say be said as if everyone in the world can hear it, for in fact they can.
- 3) May every deed that you do record on top of your head, for in fact it will.
- 4) May every wish that you wish another be a wish that you wish for yourself, because in fact it is.
- 5) May everything you do be done as if God himself is doing it, for in fact he is.
